

# Office of Location and Environment File Exchange

Design Manual  
Chapter 20  
Project Automation  
Information

Originally Issued: 02-10-12

Revised: 06-25-19

The files listed in this document are to be created, and the information contained within exchanged between the Design Bureau and the Office of Location and Environment for all projects with a P3 Event (FHWA Approval of Prelim. Environmental Doc. (EA/Draft EIS)).

## Files Provided by the Office of Location and Environment

The Office of Location and Environment is to provide the following MicroStation file for the Design Bureau upon completion of the P0 Event (Planning Concept – Pre-Program).

**File Name:** *CCRRRPPPGGG\_OLE.dgn*, refers to the 2-digit **C**ounty, 3-digit **R**oute, the 3-digit project Parenthesis number assigned to the project, and the 3-digit **G**eographic coordinate system (Refer to Section [20B-45](#)). For example, per this naming convention, a project number of *NHSX-163-1(062)--3H-77*, lArcs zone 8, would have a file name of *77163062Z08\_OLE.dgn*.

**File Content:** One model, *Default Model*, that includes levels for the Corridor Study Area, NEPA Cleared Area, and other constraints such as archeological areas, wetlands, etc., if applicable. Refer to [OLE Files](#) document for more information.

**File Location:**

pw:\\projectwise.dot.int.lan:PWMain\Documents\Projects\ProjectDir\OLE\CCRRRPPPGGG\_OLE.dgn

**Note:** The contents of this file will be displayed on the D2(Design Field Exam) plans, see Section [1D-9](#).

## Files Provided by the Design Bureau

The Design Bureau will provide the following MicroStation files for the Office of Location and Environment upon completion of the D2 Event (Design Field Exam).

**File Name:** *PLN\_CCRRRPPPGGG.dgn*, refers to the 2-digit **C**ounty, 3-digit **R**oute, the 3-digit project Parenthesis number assigned to the project, and the 3-digit **G**eographic coordinate system (Refer to Section [20B-45](#)). For example, per this naming convention, a project number of *NHSX-163-1(062)--3H-77*, lArcs zone 8, would have a file name of *PLN\_77163062Z08.dgn*.

**File Content:** one model, *Default Model*, that includes the level *dsnGroundLineIntercept* that represents the limits of construction for the project. Refer to Section [20D-101](#) for more information.

**File Location:**

pw:\\projectwise.dot.int.lan:PWMain\Documents\Projects\ProjectDir\Design\CADD\_Files\PLN\_CCRRRPPPGGG.dgn

The Design Bureau will have a finalized file, as described above, for the Office of Location and Environment upon completion of the D5 Event (Plans to Right-of-Way) plans, see [D5 example task list](#).

# Chronology of Changes to Design Manual Section:

## 020B-075 Office of Location and Environment File Exchange

6/25/2019	Revised Updated hyperlinks. Updated header logo and text.
8/30/2018	Revised Changed file location to ProjecWise.
2/10/2012	NEW New
